# How are you managing your HR?

Our software will make your business more efficient.

## New technology is changing the way we work every day.

Whilst HR has been, and always will be, about the human touch and strong staff relationships, progressive, modern businesses are now embracing cloud based tech to manage their workforces more accurately and consistently. They are also making significant cost savings and improving their business bottom line by using HR management software.

**Let's get moving!**

Call us now on

**01473 281 650**

to find out more about our HR management software. It will save you time and money in the long run.

## Our HR software solution is secure and organised.

Its easy-to-use dashboard gives you access to an array of invaluable HR tools. It includes the following key features, benefits and system functionality:

### Staff development & tracking

- ✓ Appraisals, training and performance reviews.
- ✓ Holiday and absence management.
- ✓ Current and past job history.

### HR reporting tools

- ✓ Ability to create & export specific employee reports.
- ✓ Payroll, time-tracking, billing and staff expenses.
- ✓ Employment contract remuneration details.

### HR management

- ✓ Easy access staff handbook.
- ✓ Key date reminders and warnings.
- ✓ Health and safety management.

*More secure than a filing cabinet, more organised than a spreadsheet and mobile device compatible, **sign up to our system today** and improve your HR efficiency and staff management.*
